

The Flashback

A large group of students and faculty are posed on a grassy lawn in front of a multi-story brick building. The group is arranged in many rows, with some people sitting on the ground in the front and others standing behind them. The building has many windows and a central entrance. The overall tone is nostalgic and commemorative.

Vennard College Memory Book

1972 - 1973

What is The Flashback?

After a decision not to have an annual this year, the student council decided to have a memory book to preserve the memories of the year of 1972-1973. The Flashback has been compiled in an effort to include various dimensions of the activities of this year.

There has not been as much a concern with the buildings of our campus as with the people in this memory booklet. Of course we will remember the Dorms, the Ad Building, the Music Building, and the Gym, but it is the people and activities that are important. Our campus buildings have been here before Vennard was here and will continue to be here for years to come. They alone do not make up Vennard; the people, activities and traditions of the school do.

Which school other than Vennard has the Dove and Triangle pin, the Vegas basketball team, the Extensions, the Thanksgiving Vespers service, the New Christian Sounds ensemble, or the Soul Purpose drama team? These, the traditions of Vennard, will bring back the warm feelings of remembrance in the years to come.

Let the Flashback remind you!

Compiler's Comments

As we come to the end of our school year we are reminded that these are the last days that we will be together in the same place at the same time. Most of the Seniors have finished their course at Vennard and will be going out into the field of Christian Service either for further preparation or immediate service. And as God directs in others lives some students will not be returning to Vennard.

As you go your separate ways at the end of this School year it is my sincere desire that The Flashback will serve to be a binding force of the student body of 1972-1973. In moments of nostalgia, The Flashback may be taken off a shelf and help to remind each one of you of this year.

For this purpose I bring to you The Flashback.

John McMurphy, Compiler
